

## Features on the ASK Website

### Commentary for April 16, 2014 — Which You May Not Know Are There

I want to present an overview of features of the ASK website that many of you may not have realized are there. As of this date, we have much to offer on the ASK website, such as:

#### **Writings on the ASK Website**

ASK has published **25 articles** on the true site of the Temple at Jerusalem on the "[Temple Update Articles Index](#)." Most of these articles are research by Dr. Ernest L. Martin written after publication of his book *The Temples that Jerusalem Forgot*. Some articles were written before his death, some by me after his death, and some by other writers who support the evidence of the true historical site of the Temple, particularly the work of Professor George Wesley Buchanan (who is over 90 years of age and still writing about this important subject).

ASK has **160 articles** on various topics of doctrine. The "[Doctrine Articles Archive](#)" (click the link to go to the page) contains past articles doctrinal teachings. (A few of these articles are cross-listed elsewhere.) Articles published within the current year are located at the "[Doctrine Articles Index](#)" (2 so far).

There are **109 articles** on prophetic subjects on the ASK website. The "[Prophecy Articles Archive](#)" page contains most of the articles on prophecy. Articles published this year are at the "[Prophecy Articles Index](#)" (2 currently).

ASK has over **184 Newsletters** (4 this year) published by ASK since inception of the website in 1999. Most are 2 pages long, some 3 pages. Since I became Director of ASK, the function of the Newsletters has been to introduce the article (sometimes more than one) for that month. The Newsletters provide information related to the monthly article.

ASK has **361 Commentaries** (including this one) published since the year 2000. These Commentaries are usually 2 pages, but sometimes go to 6 pages or more. They come out at the beginning of the month and a second (and sometimes a third) is published around the middle of the month. These Commentaries cover short biblical topics in just a few pages.

#### **Audio Presentations and Radio Shows with ASK**

Dr. Martin had some very important interviews on the Jeff Rense Show on the topics of the Temple and the Star of Bethlehem. Listen to them if you have not yet done so! These shows were taped a few months before Dr. Martin died in January 2002. They are free at "[ASK Audio Presentations](#)." Scroll down after the audio CDs by Dr. Martin (which we offer for sale), to look at the descriptions of the free interviews featuring Dr. Martin and my later presentations. Scroll down further on the page. There are some articles with tape presentations by Dr. Martin to listen to while you read along in the article.

On "[The Byte Show Presentations](#)" webpage are over **315 internet radio shows** in which I

present various ASK articles and some entire books. All shows are in MP3 format. Host GeorgeAnn Hughes and I continue to produce these shows. We are presently going through Dr. Martin's book, *Essentials of New Testament Doctrine*. All these shows are free.

## **Books by ASK**

ASK publishes **8 important books** available for sale, with one additional book available online only. All were written by Dr. Martin. They cover a wide range of biblical topics:

- The events and date surrounding the birth of Christ are presented in [The Star of Bethlehem: the Star that Astonished the World](#). Dr. Martin worked closely with astronomers at Griffith Planetarium during the 1970 and 1980s to verify his findings and historical research. *This book is complete online.*
- The events surrounding the death of Christ (and the surprising location of where Christ was crucified) are shown in [The Secrets of Golgotha: the Forgotten History of Jesus' Crucifixion](#). *This book is for sale only.* It will go online in the future.
- The process surrounding the design and development of the Holy Scriptures is described in [Restoring the Original Bible](#). *This book is complete online.*
- The evidence of the location and history of God's Temple(s) in Jerusalem is in [The Temples that Jerusalem Forgot](#). *This book is for sale only.* It will go online in the future.
- The true biblical criteria as to who can give and receive tithes, and when and why tithing may even be a sin, are in [The Tithing Dilemma](#). *This book is complete online.*
- The history of the intrusion of paganism into Christianity is shown in [The People that History Forgot](#). *This book is complete online.*
- Short but fascinating doctrinal and prophetic biblical articles are compiled in [101 Bible Secrets that Christians Do Not Know](#). *This book is complete online.*
- One short book is available **online only**. It contains a synopsis of vital doctrinal teachings. It is titled [ABCs of the Gospel](#). *This book is not available for sale.*

## **Dr. Martin's Most Important Book**

- Dr. Martin's most complete doctrinal presentation, his *magnum opus* — truly the most important of his writings — is put forth in [The Essentials of New Testament Doctrine](#). It goes way beyond the teachings presented in ABCs. In *Essentials* you are given the true understanding of your amazing future, and the importance of being "in Christ." Your destiny, along with that of every other human being, is secure "in Christ." *This book is complete online.*

Some ASK books are complete online because we want them to be available to people around the world who are unable to purchase them because of monetary, physical, or political considerations preventing them from receiving books from ASK. ASK operates almost exclusively from free-will offerings from supporters like you.
